PROBE SEASON BEGUN

Legislators to Have a Busy Recess This Year.

GORE'S CHARGE TO BE AIRED

One of the Most Sensational Investigations Is That of Alleged Offer of \$50,000 Bribe to Blind Senator of Oklahoma for His Influence in Connection with Indian Affairs.

During the Congress recess legislators will be busy making inquiries that were ordered before adjournment.

There is a suggestion of scandal in some of these investigations and reports may be made at the December session calculated to stir up more or less excitement.

Foreshadowing all other investigations ordered by Congress is that to be made into Indian affairs in Oklahoma.

This particular inquiry was provoked by the sensational charge of Senator Gore, of Oklahoma, that he had been offered a bribe of \$50,000 to withdraw his opposition to a provision in the deficiency bill, directing the President to approve a contract made with the Indians by a firm of lawyers, that has been active around the halls of Congress for many
